

MEDIUM EXCAVATOR RANGE

SY215C

SANY

SY215C 22T excavator features customized engine, strengthened components, high operating efficiency, low fuel consumption, easy maintenance and comfort cabin.

- » Innovative controller with faster consumption and more accuracy reduces the response time of hydraulic elements, lowers the internal power loss of the system and increases the operating output power.
- » The positive flow controlled by hydraulic system considerably reduces fuel consumption. Advanced computer dynamic control technology provides a real-time match between engine power and main pump power. Four power modes maximize fuel economy.
